We’ve Got You Covered

Neopost customer support is there for you with our contact centre and trained technicians who are ready to assist you. We are dedicated to providing you with world class customer satisfaction and we offer automatic diagnostics with our product line. By uploading systems data, we will be alerted if you are having trouble. This remote access to your system allows us to analyze the situation remotely and then fix it accordingly.

Why Choose Neopost?

Neopost is a global leader in mailing solutions, shipping services and digital communications. We believe that people are the key to business success. That’s why our products and services are tailored to help your organization improve the quality of its interactions and bring people closer together.

In this age of multichannel communications, we guide and empower you to interact in new and innovative ways. We advise you on how to create cost-cutting synergies. And we deliver global coverage with a strong local presence, offering you continual support by phone, onsite or online.

Today, Neopost is present in 31 countries and has a network of partners in more than 90 countries. We promote responsible business and sustainable development through our products and outreach programs. And our 6,200 employees worldwide are committed to making your interactions more responsive and more powerful – offering you a competitive edge that will open up a wealth of business opportunities.

Customers have also chosen DS-35 with the IN-300 Series

With Neopost’s DS-35 folder inserter, manual folding, inserting and sealing mail can now be done in minutes, instead of hours. This will mean you’ll have more time to do all the other things that need to be accomplished in your office.
Join us on
Your User Friendly Mailing System

Smart businesses need to send out their mail without difficulty or interruption. That is why they choose the Neopost IN-300 Series.

It’s easy to navigate interface is intuitive enough for anybody to use. Thanks to a wide choice of scales, the IN-300 Series is flexible enough to handle large envelopes and heavy parcels. With this new mailing system, you get access to a growing suite of services and apps to improve postal, parcel and related digital communications. Plus, all of this is delivered using an eco-design approach that reduces environmental effects at every stage.

Give the right impression
Enhance the look of your mail piece with a printed slogan. By adding a company slogan, or a QR code, you can communicate and promote your business to your customers.

Combined with our new web-based accounting solution NeoStats, the IN-300 Series is the perfect solution for monitoring, tracking and controlling postal costs.

Manage your mail activity smoothly
NeoStats enables graphical monitoring (bar or pie chart) of postal activities with details per mail class, operator, department... Do you need a quick overview of your mailing activity over the last year? Just look at the main dashboard! Key reports are pre-defined; you can also export data for your additional analysis and reporting. You can easily print reports or send them by email. NeoStats is always accessible through the web using a login and password.

Achieve significant postage savings
The breakdown of your mail pieces & expenses, e.g. by mail class, will help you identify opportunities for postage savings. Is priority mail always a must? NeoStats will help you select the most appropriate rate to estimate how much your company can save. Moreover this solution enables you to identify peak periods at a glance, for better business planning.

Designing the Most Ecological Solutions
The IN-300 Series carries Neopost’s Eco-Label. This is proof of our commitment to making our products greener.

How We Reduce Our Environmental Footprint:
• We limit the weight of our machines and the amount of raw materials used for production.
• We keep the volume of our packaging* to a minimum and ensure it is 100% cardboard and recyclable.
• Packaging for the IN-300 Series represents less that 20% of the total weight of the packed product.
• Our user-friendly sleep mode helps reduce energy consumption**. And our remote support reduces time spent travelling by technicians.
• We develop our products to ensure a minimum recyclability rate of 75%.

* The volume of packaging/volume of product ratio is around 2:27
** 3.1 W for the IN-300 Series, with a total energy consumption of 21 kWh per year

The IN-300 Series is compliant with environmental Regulations* and Energy Star

*RoHS, WEEE, REACH
The Compact and Easy-to-Use Mailing System for Everyone

1. Integrated or External Weighing Platform
   Accurate and Flexible Weighing

2. Ergonomic Keyboard
   Effortless

3. Shortcut Keys
   Ease-of-Use

4. Large Feeding Platform
   Versatility

5. High Speed Internet Connection
   Connectivity

6. Catch Tray
   Smooth Design

1. Accurate and Flexible Weighing
   Reliability at its best with this large integrated weighing platform. If you need to process heavy parcels up to 35 kg, the external weighing platform is made for you.

2. Effortless
   A totally redesigned and resistant keyboard for softer and positive tactile feeling.

3. Ease-of-Use
   Shortcut keys help you speed your mail processing for a maximum ease-of-use.

4. Versatility
   All sizes of envelopes are handled with this enhanced platform. You can also process labels if you need to send parcels or thick envelopes.

5. Connectivity
   Get the latest rates, and software updates, ink alerts & remote diagnostics fast & easy through high speed internet connection.

6. Smooth Design
   Optional compact catch tray accommodates DL to C4 envelopes.
