

Stop handwriting USPS® Certified Mail™ forms. Streamline your preparation process and start saving today with ConnectSuite e-Certify from Neopost. Here's how it works:

<p>STEP 1</p>	<p>Enter recipient's address or import a text file containing multiple addresses for batch processing.</p> <p>Addresses are validated for accuracy and proper formatting.</p> <p>Mail piece data uploaded to USPS®.</p>	
<p>STEP 2</p>	<p>Print one or multiple banner pages.</p> <p>Banner pages contain the return address, recipient address and a Certified Mail™ barcode.</p> <p>Banner pages are placed on top of the document sets intended for the same recipient.</p>	
<p>STEP 3</p>	<p>Banner pages and corresponding document sets are folded together and inserted into a double window Certified Mail™ envelope.</p>	
<p>STEP 4</p>	<p>Meter the Certified Mail™ envelope(s) for \$1.40 less than the "green card" paper-based method (reflects reduced amount for electronic Return Receipt™ service).</p>	
<p>STEP 5</p>	<p>Delivery status of all sent items is automatically tracked and displayed in a user-friendly online portal.</p> <p>Download electronic PDF signature files as needed (replaces "green card").</p> <p>All activity and signature files are stored for the lifetime of your subscription.</p> <p>Run simple or advanced searches and print or export reports.</p>
